

**Subject:** [Cost287-ConGAS MC] STSM (batch 31/07/2005) Evaluation  
**From:** Nicola Bernardini <chair@cost287.org>  
**Date:** Thu, 29 Sep 2005 15:08:43 +0200  
**To:** Cost287-ConGAS Management Committee <mc@lists.cost287.org>

Dear friends,

sorry if this took so long - I have been completely submerged to date.

The Cost287-ConGAS MC has voted 5 STSM's proposals collected in the month of June (batch 31/07/2005).

With the following results:

n. delegates:	28
n. votes:	11
Williamson :	39% yes, 0% no
Ibrahim:	39% yes, 0% no
Schoonderwaldt:	39% yes, 0% no
Hansen:	39% yes, 0% no
Paradis:	39% yes, 0% no

Total STSM funding : 8.753 eur  
STSM funds for 2005-2006: 10.000 eur

Even if the MC answer was quite low (less than 50%) we have to close the evaluation process, so I would say that all STSM are accepted. We're now left with some 1.300 Euro for another STSM during 2005-2006.

Please note: Ibrahim' STSM received two conditional marks, that is it should be accepted if resources permitted to do so. Since resources \*do permit\* to do so, I would declare it as accepted (the conditional marks were a minority anyway, but just to keep track of everything).

Alessandra will now send the formal acceptance to all STSM applicants.

Best regards,

Nicola
